Activate Windows

Go to Settings to activate Windows.

☒ Type☐ Details

Select an app type

The app type can't be changed after your app is created. [Learn more](#)

Business

Create or manage business assets such as Pages, events, groups, ads, Messenger and Instagram Graph API using the available business permissions, features and products.

Consumer

Connect consumer products and permissions, like Facebook Login and Instagram Basic Display to your app.

Instant Games

Create an HTML5 game hosted on Facebook.

Gaming

Connect an off-platform game to Facebook Login.

Workplace

Create enterprise tools for Workplace from Meta.

None

Create an app with combinations of consumer and business permissions and products.

Code Hafeez

Create an App

✓ Type

Details

Provide basic information

Display name

This is the app name associated with your app ID. You can change this later.

Login Example - Hafeez

App contact email

This email address is used to contact you about potential policy violations, app restrictions or steps to recover the app if it's been deleted or compromised.

codehafeez@gmail.com

Business Account - Optional

To access certain permissions or features, apps need to be connected to a Business Account.

No Business Manager account selected

By proceeding, you agree to the [Facebook Platform Terms](#) and [Developer Policies](#).
